

PREAMBLE

The Shorehouse list is much like the restaurant that it calls home: it is large, yet never feels empty; extremely diverse, yet always inclusive; forever priding itself on being uniquely West Australian. We wrote this list for the nervous person waiting for their date to arrive scrambling to understand the difference between Crémant and Prosecco; the solo traveller enjoying a glass of Great Southern riesling whilst learning about the wares of Madeira; or the corporate worker determining which Barolo producer is going to impress the boss at the end of year luncheon.

There are many hands that diligently labour to make a document such as this a reality, just as there are many hands that touch every bottle that makes its way to find a home on our list. We are thankful to all of those who spend their lives growing grapes, making wine and finding labels to bring to us. It is your devotion to wine that we try to honour in these pages.

We're an uncomplicated bunch; yet wine, whilst just fermented grape juice, can be a tormentingly complicated subject.

Talk with us about our wine, we love it all.

VERMOUTH

MAURO VERGANO

Mauro Vergano is the king of 'vini aromatizzati' aka aromatised wines. Before starting his own business, Mauro worked as a chemist for one of Italy's top pharmaceutical companies, developing flavours and aromas. It is his ability to identify and understand the ideal assemblage, that makes his vermouths layered and complex beyond compare. Mauro's passion also extends to the base wine, which historically has been low quality table wines, however, these are crafted in his own winery from native Piedmontese varieties.

SHERRY & APERAS

EL MARCO + THE PALOMINO FINO CONTINUUM

The word Sherry has become problematic - to ask for a 'Sherry' doesn't tell if you are getting a wine that is white or dark, dry or sweet. This is El Marco and it starts with a range of dry white wines made from the Palomino grape, including those that are fortified and those that are not - hence the continuum. There are also dry, amber-coloured Palomino styles. These are fortified wines with a marked developmental character due to ageing: Amontillado, Oloroso, Palo Cortado. It is complex and often hard to understand, both in a literal and tasting sense - but trust the process and you'll be rewarded.

PÉTILLANT NATUREL

FUN FACTS

Pét-Nat is a term that's been hitting the headlines as of late, and while we are not the 'in' crowd, it seems to be what the cool kids are drinking. Simply put it's short for pétillant-naturel, also known as 'méthode ancestrale'. Well what does that mean? The wine is bottled before primary fermentation has finished, making these bubbles delicate, frivolous, fun and easy drinking.

WORLDLY SPARKLING

VDP.SEKT.PRESTIGE:

Germany has a long history of sparkling wine production with the first Sekt being produced in Württemberg in 1826. New laws proposed by the VDP stipulate a minimum of 36 months on lees and must be assessed by a national authority

AUSTRIAN SEKT:

becoming a legal category in 2016, this wine is not permitted to use a regional designation other than to say it is produced in Austria. All 36 varieties grown in the country can be used for Sekt production.

CRÉMANT

a French term for wine made with the same production method as Champagne without actually coming from the region of Champagne. Crémant can be made in seven regions in France (as well as bordering Luxembourg).

PROSECCO:

from the Veneto in northeast Italy. Made from the grape formerly known as Prosecco, changing its name to Glera 2007. Unlike Champagne, Prosecco is produced using the Charmat method in which the secondary fermentation takes place in large stainless steel tanks.

CAVA:

classically from Penedès but can be produced elsewhere in Spain. Made in the 'traditional method' typically made with three Spanish varieties Macabeo, Parellada and Xarel.lo.

USA CHAMPAGNE & SPARKLING:

There are no laws for production of sparkling wines in the USA. Despite the term Champagne being legally protected, a loophole emerged when the United States did not properly ratify the treaty of Versailles in 1919. As a result a handful of producers are still permitted to have their wines labeled as "California Champagne".

MÉTHODE CAP CLASSIQUE:

is the name for South African sparkling wine produced using the 'traditional method' adopted in 1992 in response to the ban on using the word Champagne. Predominantly made from Sauvignon Blanc or Chenin Blanc.

CHAMPAGNE

CHAMPAGNE EGLY-OURIET

"Far from resting on the considerable and merited laurels that he has accrued over a 30-year career, Francis Egly continues to refine and improve."

-WILLIAM KELLEY

Along with Sleosse and Larmandier-Bernier, his wines are considered some of the very top expressions of Grower Champagne. Revered for his incredible vinous expression of terroir Francis Egly has been one of the leading figures of site specific Champagne. Francis composes champagnes of beguiling complexity, energy and finesse that showcase Pinot Noir grown in the unique terroirs of his lieux-dits in Ambonnay, Bouzy, Verzenay, Vrigny and Trigny.

MOSEL RIESLING

"People think German wine is complicated, but ask them what they think of Burgundy, and they love it. You can't approve one and not the other. It takes some learning, but I don't think it's too much to ask. Nothing simple was ever very satisfying"

- KATHARINA PRÜM

ZELTINGER SONNENUHR +
WHELENER SONNENUHR

Slate, steepness, and its optimal exposure are the winning combination. Named after the sundials in the vineyards built in 1842 by Jodocus Prüm. These are the top of the pops vineyards, making the most notable and royal examples of this illustrious grape.

GRAACHER
HIMMELREICH

Attractiveness is the word here; racy acidity and pronounced minerality are features of this underrated vineyard. Accessible early and with potential to age, this site really does give the best of both worlds.

BERNKASTELER
LAY

The orientation means longer sun exposure. The Badstube typically produces floral, delicate and mineral driven wines. They are full, lush and tend to give lots of desirable fruit characters.

SHOREHOUSE GUIDE TO UNDERSTANDING GERMAN WINE SPEAK - YAH

TROCKEN: literally 'dry'

KABINETT: lighter styles of wine and often off-dry (lightly sweet)

SPÄTLESE: picked one week after Kabinett grapes - typically fruity, medium-sweet

GROßES GEWACHES: top of the pops; high quality dry wine from selected sites.

AROMATIC vs TEXTURAL

enter wine talk

When talking about aromatic and textural whites we often look for what is at the forefront of the wine.

Are there lifted florals or noticeable vibrant fruits driving the wine, hence displaying pronounced aromas. Or is the wine more about textural aspects that have a generosity and defined palate weight that can build a savory framework around the wine.

Now all that palava aside it is not to say that an aromatic wine cannot be textural or vice versa but more so that which is the leading playmaker in the glass.

WA CHARDONNAY: THROUGH THE AGES

FRASER GALLOP

Nigel Gallop is the man behind one of Margaret River's most iconic wineries – Fraser Gallop. Created in 1999 off the back of numerous impressive endeavours Nigel brings the knowledge to create excellence from the unknown. After extraordinarily talented Clive Otto joined the team the estate grew from strength to strength. Clive's continuous pursuit for greatness is realised in the wines of Palladian – first released in 2017, a decade after his tenure at the estate begun. A wine of this calibre can only be achieved by understanding the intricacies of a vineyard that can be translated to the wine in the glass. The result creates an experience that manages to encompass the duality of place and maker.

LEEWIN ESTATE

Denis and Tricia Horgan established Leeuwin Estate in 1972, 50 years on and they continue to run the winery alongside their children Justin and Simone who continue to push Leeuwin to new heights. Winemakers Tim 'Timmy' Lovett and Phil 'Hutchy' Hutchinson are the minds behind the iconic Art Series Chardonnay - it is their attention to detail and commitment to honoring the house style that continues this iconic legacy.

SINGLEFILE

There is a Latin motto on Singlefile's crest, "Semper Superne Nitens", it translates to the pursuit of excellence and since its beginnings in 2007 those words have rung true. Phil and Viv Snowden were geologists that were looking for a challenge when they came upon the geographically isolated but geologically diverse Great Southern. Vivienne has a real love for Chablis and this namesake chardonnay pays homage to the flinty, complex wines of Northern Burgundy. Mike Garland has always been the maker and creates a chardonnay that embodies the intricate power that Denmark is renowned for.

"It must speak to the estate. You don't want it to be a pretentious wine, all puffed up. It was a wine for the family and the worker. Maybe I'm a prisoner of old habits, but a simple wine is a simple wine, and there's no shame in that." - JEAN-MARC ROULOT

"Forty years ago, no one would have imagined that the Mâconnais could produce wines which approach so nearly the apotheosis of Chardonnay, and as Guffens enters his seventh decade, he believes he's doing the best work of his career. It's time for the world to rediscover him." - WILLIAM KELLEY

THE VINEYARDS OF MONTRACHET

puligny-montrachet *driven - finite - elegant*

The village of Puligny-Montrachet is lauded as one of the greatest white wine villages of the world. Renowned for its precise floral intensity and steely backbone these wines are driven and precise. Suit le Puits is one of the highest elevated vineyards, making wines of a more racy, delicate nature. Les Combottes, lying at the southern end of the village is directly adjacent from the Grand Cru vineyards of Montrachet. It is known for its power and intensity, making wines that are age worthy and opulent in style.

bâtard-montrachet *grand cru*

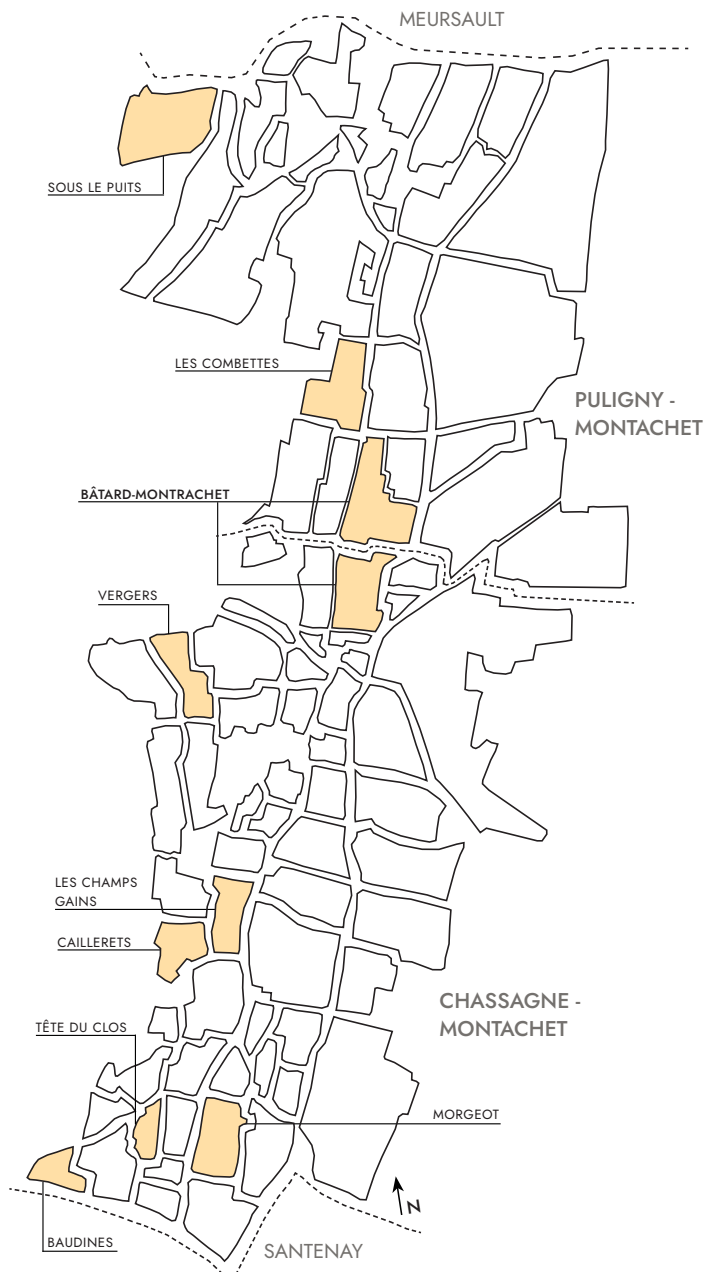

The vineyards of Bâtard-Montrachet date back to 1764 but the Blain family have been making wine in this region since the 17 century. This Grand Cru vineyard bridges the villages of Puligny-Montrachet and Chassagne-Montrachet, showcasing the best aspects of both. Driven, full and powerful, these wines are fronted with opulence and weight.

chassagne-montrachet *full - powerful - firm*

When it comes to the worlds greatest white wines, the border between Chassagne and Puligny is the treasure at the end of the rainbow. Within a few hundred meters lie five grand cru and countless premier cru vineyards. The style of the village is hard to generalise but the best wines are fragrant, elegant and have finite minerality that creates dimension and builds interest in the glass.

wine country

A feature on two states truly encapsulating the zeitgeist of the USA and the wineries redefining the iconic regions

OREGON: AN EXPLORATION

"Everything you do up here must be about the quality of the grape. People tell you Pinot Noir is the most difficult wine to make, but that's a sound bite. What's true is that it's the most difficult grape to find a spot where it expresses its true identity. Once you find the perfect spot, it's just like making any other wine."

Rollin Soles, Winemaker, Argyle

Though the Willamette Valley was officially established in 1983, the first vines were planted in 1965 when several California producers, particularly David Lett of Eyrie Vineyards, traveled north in search of cooler climates. The states pioneer's immediately saw ties between this region and Burgundy and producers got to work dividing the appellation into more specific subregions.

The states early grape growers planted Pinot Noir and Chardonnay because of their success in France — the Pinot was celebrated and is still seen as the crown jewel of the region however the Chardonnay didn't achieve the same status, likely due to poor clonal selection at the time. This perception changed when the area was introduced to the Dijon clone that thrived in cooler climates, producing wines of immense intensity and fruit weight.

There has always been a deep determination in the region to create compelling wines that speak of place and maker - the selection below is no exception.

CALIFORNIA DREAMIN'

A DEEP DIVE INTO THE PRODUCERS REDEFINING THE GOLDEN STATE

ARNOT-ROBERTS - LAKE DISTRICT

The focus of Arnot-Roberts is to produce distinctive, site-driven wines that highlight the nature of the unique terroirs. A collaboration between Nathan Roberts and Duncan Arnot Meyers. Nathan's father founded a cooperage in Napa, and his grandmother was Margrit Biever Mondavi, Robert's widow. The wines possess a beautiful textural quality, with attractive fruit but also lovely balance. They began making Trousseau in 2009, when they discovered the variety growing at the Luchsinger Vineyard. Trousseau thrives in the warm days and cool nights, a unique variety for its ability to make a wine that is light in colour but layered with complex flavour.

----	-----------------------------	----------------	-----

MATTHIASSEN - NAPA VALLEY

Steve Matthiasson has a name that is not only easy to misspell but that is also legendary in Californian viticulture circles. He wrote the manual on sustainable vineyard practices in 1999, and for years consulted to wine heavyweights such as Stag's Leap Wine and Spottswoode. They have carved a tense, restrained Chardonnay that pulses with energy and texture but not weight. The Linda Vista Vineyard is next to the Matthiasson's house in West Oak Knoll. It's exposed site and cooling winds help maintain great acidity despite the Californian sun. Fermented and aged in old French oak but with no lees-stirring and only partial malolactic fermentation, the vibrant fruit holds sway.

BIRICHINO - SANTA CRUZ

Drawing on decades of experience making wine in California, France and Italy, John Locke and Alex Krause founded Birichino in 08. They met in the early 90s while working at Bonny Doon and when it was sold, they left with a pick-up truck, one customer and a very vague plan. Things have snowballed since then Birichino now works with some of California's best old-vine vineyards, they have close relationships with 15 or so growers, mostly family-run operations. This punchy blend is comprised of old vine material dating back to 1886, all three grapes were fermented and treated individually to express the best attributes of each variety. In the winery, the artisanal blueprint is writ large across all the wines; Birichino does not want to *create* flavour but let their old vines and heathy soils do the talking.

21	Birichino Rokurokubi Inugami	Cinsault/Grenache/Mourvèdre	175
----	------------------------------	-----------------------------	-----

PIEDRASASSI - SANTA BARBERA

Piedrasassi is a celebration of California's Central Coast, and though it may be known for its boisterous Chardonnay and world-class Cabernet, Piedrasassi chose to focus on a grape that speaks to the viticultural heritage of the Northern Rhone, Syrah. The turbulent hills of the Central Coast, shaped by tectonic contortion, are home to diverse soil types and when paired with the cooling influence of the nearby Pacific, create a truly unique and compelling home for Syrah. Bien Nacido is the oldest plantings that Piedrasassi hold, dating back to 1986. These older vines produce wines that show elegance and restrained tannin structure. Rim Rock is known for its intense florality, producing wines of immense power and depth and unofficially dubbed as the most iconic vineyard of Piedrasassi.

CABERNET

Origin: Cahors, France

WHO AM I?

I come from the Gironde in Southwest France.

I only discovered who my parents were in 1996, but I always knew Merlot was my half-sibling.

I am known by many names including Lafite (Russia), Burdeos Tinto (Spain), or simply Bordeaux (Switzerland).

I am the world's best travelled grape variety, am concentrated, tannic and enjoy long walks on the beach whilst the sun is setting.

*Petit Verdot is often used sparingly when blended with Cabernet, and for good reason. Herbaceous and unyielding it can be a difficult grape work with; However, Dylan and the team at LS have made a bright, plush and balanced expression of what is often an unapproachable grape.

HOWARD PARK

Howard Park was founded in 1986, born of a love for both Margaret River and the Great Southern wine regions. Helmed by the Burch Family, Howard Park remain pioneers of Western Australia's wine industry. Their icon Cabernet, renamed Abercrombie for founder Jeff Burch's Great-Grandfather, is a celebration of both the Margaret River and Great Southern regions.

WORLDS APART FROM THE REST

Louis Schofield has made a name for himself as a wunderkind of the South Australian wine scene, running both Hellhound wine bar and his own label, Worlds Apart. Training under the late Taras Ochota and championing the minimal interventionists approach that Taras was renowned for, Louis is making wines that deftly reference cult producers from across Europe and Australia. Since Taras's passing in late 2020, Louis has been helping to continue the Ochota Barrels label alongside Taras' wife Amber. In 2022 Louis chose the best barrel of his Blewitt Springs Grenache and named it "Someone Great" in honour of Taras.

wine countries

These might be two of the most exciting wine regions in the world.

Unlike other places they are not experiencing a revolution, or an evolution of wine; this is an involution. The Italians and Spaniards are using of their own indigenous grapes, traditional wine making techniques and focusing on creating wine that is indicative of place.

BAROLO

"It's not that everything is a miracle when drinking Nebbiolo. It's that everything seems like one.

And that is enough"

- JANE LOPES

NEGRETTI	With only a couple of generations under their belt, they are extremely new in the scheme of Barolo. With some prime vineyard locations and deft winemaking they are making a true name for themselves. Although young, the past has not been forgotten in the traditions handed down from great grandparents, who were wine growers and producers at the beginning of the last century.

	15	Negretti <i>Mirau</i>	La Morra	Barolo DOCG 220
MASSOLINO	More than a century on and the Massolino family continue to rescue wine of striking finesse. With vineyards across both Serralunga d'Alba and Castiglione Franco and Roberto Massolino are making are the kind of classical Barolos that Piemonte's winemakers love to produce and Nebbiolo purists love to drink.

TENUTA CARRETTA	Located in Piobesi d'Alba in the Roero region, Tenuta Carretta has been a cultivated estate since 1584. Since being purchased in 1985 by the Miroglios, a Milanese textile family, the estate has been restored to its former glory and now produces world class wines from over 70 hectares under vine across some of the most coveted sites in Barolo.

E. PIRA & FIGLI	Chiara was one of two female oenologists working in Barolo when the family purchased E. Pira and gained a following by crafting wines that marry the extraordinary power of Barolo with approachability and elegance. They are known to be layered, with great aromatics and lush textures.

CONTERNO FANTINO	Founded in 1982, Conterno Fantino testifies to the talent and vision of viticulturist Claudio Conterno and his partner, oenologist Guido Fantino. These great wines start in exceptional vineyard sites in Monforte d'Alba. This location is scenically set, overlooking the most ancient part of Monforte. Conterno Fantino's historical nucleus is Ginestra, one of Monforte's historical crus documented as far back as the 1800's.

* A LITTLE NOTE FOR A BIG ISSUE

We love Jancis (Master of Wine) and we think she knows her stuff. This is her take on the whole misuse of the words. The word variety is a noun. When speaking about wine, a variety is a type of vine or a type of grape.

For example, Pinot Noir is a grape variety. Many people will use the word varietal when they really mean variety. Varietal is a descriptive term. The word is increasingly misused in place of variety. Varietal glassware and varietal labelling are describing the object.

E.g. Pinot Noir is a grape variety that should be served in varietal glassware.

RIOJA VERSUS PRIORAT

PRIORAT

In 2007 Priorat began to allow producers to add site specificity to their labels, designating wines of village (*Vi de Vila*), sub-village (*Vi de Partida*) and specific vineyard (*Vi de Finca*)

The 5th generation, Dirk Niepoort, now runs the show joining his father Rolf in 1987 and has played a big hand in revolutionising the region. All of the fruit grown by Niepoort is organic and the winery an amazing, underground gravity-fed cavern, air-conditioned by a mountain block of Douro Valley schist.

MADEIRA

'Top quality Madeira is one of the world's most wickedly underrated fine wines. I know you will have read that about Sherry – and that's true, too – but Madeira tastes like the elixir of life itself'

- JANCIS ROBINSON MW

THE STYLES OF MADEIRA

DRY	SERCIAL	pronounced citrus characters and sharp acidity makes for a good apéritif
MEDIUM DRY	VERDELHO	rounder than Sercial; its elegant fruit makes it suitable for both before and during food
MEDIUM SWEET	BOAL	perfumed and medium sweet; harmonious balance between nuttiness (a word), sweetness, and acidity
SWEET	MALVASIA (Malmsey)	the most recognised style ; rich, sweet, and full of milky chocolatey goodness

AMARI & LIQUEUR

There's so much weight, history, and complexity packed into one little word - Amaro.

We know it's Italian for *bitter*, and it plural is *Amari*, but when it comes to production, appreciation and consumption of Amaro, we're guided more by tradition rather than strict classification. Amari are created by macerating and/or distilling bitter barks, herbs, seeds, spices, citrus peels, flowers and other botanicals in a neutral spirit or wine that is then sweetened. We love Amari so much we have named our youngest daughter in its honour.
