

PREAMBLE

The Shorehouse list is much like the restaurant that it calls home: it is large, yet never feels empty; extremely diverse, yet always inclusive; forever priding itself on being uniquely West Australian. We wrote this list for the nervous person waiting for their date to arrive scrambling to understand the difference between Crémant and Prosecco; the solo traveller enjoying a glass of Great Southern riesling whilst learning about the wares of Madeira; or the corporate worker determining which Barolo producer is going to impress the boss at the end of year luncheon.

There are many hands that diligently labour to make a document such as this a reality, just as there are many hands that touch every bottle that makes its way to find a home on our list. We are thankful to all of those who spend their lives growing grapes, making wine and finding labels to bring to us. It is your devotion to wine that we try to honour in these pages.

We're an uncomplicated bunch; yet wine, whilst just fermented grape juice, can be a tormentingly complicated subject.

Talk with us about our wine, we love it all.

APERITIF

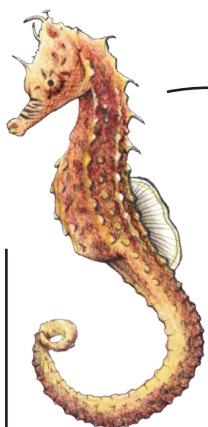

Apéritif is to the south of France as Sherry is to Spain, the spritz to Italy—a drink, yes, but also ritual in drink form, interwoven into the fabric of the culture. The ritual of drinking apertifs is rooted in everyday life in the south of France; The refreshing weight of a cool glass in hand is most at home in Provence, alongside a soundtrack of cicadas, pétanque and the sea in the distance, another summer day slowly unspooling. As obvious as its appeal is, this rite has not come close to securing the foothold that other European traditions have, despite having all of the ease and idiosyncrasy possessed by, say, the aperitivo cocktail. But it's ready for a second look, either as the ritual unadorned or easily upgraded.

CAMPARI, THE BITTER RED LIQUEUR: A USERS GUIDE

VERMOUTH

SAISON APERITIFS

Founded in early 2020 by chef Dave Verheul (Embla) with the intent to create fresher, brighter and more seasonal vermouths. Each one starts with a base seasonal ingredient gathered at its peak flavour, then complementing seasonal ingredients are either foraged or purchased from small growers. Combining this and his years of experience in restaurant kitchens, Dave has been able to craft some well sort after and versatile aperitifs.

SHERRY & APERAS

EL MARCO + THE PALOMINO FINO CONTINUUM

The word Sherry has become problematic - to ask for a 'Sherry' doesn't tell if you are getting a wine that is white or dark, dry or sweet. This is El Marco and it starts with a range of dry white wines made from the Palomino grape, including those that are fortified and those that are not - hence the continuum. There are also dry, amber-coloured Palomino styles. These are fortified wines with a marked developmental character due to ageing: Amontillado, Oloroso, Palo Cortado. It is complex and often hard to understand, both in a literal and tasting sense - but trust the process and you'll be rewarded.

PÉTILLANT NATUREL

FUN FACTS

Pét-Nat is a term that's been hitting the headlines as of late, and while we are not the 'in' crowd, it seems to be what the cool kids are drinking. Simply put it's short for pétillant-naturel, also known as 'méthode ancestrale'. Well what does that mean? The wine is bottled before primary fermentation has finished, making these bubbles delicate, frivolous, fun and easy drinking.

WORLDLY SPARKLING

VDP.SEKT.PRESTIGE:

Germany has a long history of sparkling wine production with the first Sekt being produced in Württemberg in 1826. New laws proposed by the VDP stipulate a minimum of 36 months on lees and must be assessed by a national authority

AUSTRIAN SEKT:

becoming a legal category in 2016, this wine is not permitted to use a regional designation other than to say it is produced in Austria. All 36 varieties grown in the country can be used for Sekt production.

CRÉMANT

a French term for wine made with the same production method as Champagne without actually coming from the region of Champagne. Crémant can be made in seven regions in France (as well as bordering Luxembourg).

PROSECCO:

from the Veneto in northeast Italy. Made from the grape formerly known as Prosecco, changing its name to Glera 2007. Unlike Champagne, Prosecco is produced using the Charmat method in which the secondary fermentation takes place in large stainless steel tanks.

CAVA:

classically from Penedès but can be produced elsewhere in Spain. Made in the 'traditional method' typically made with three Spanish varieties Macabeo, Parellada and Xarel.lo.

USA CHAMPAGNE & SPARKLING:

There are no laws for production of sparkling wines in the USA. Despite the term Champagne being legally protected, a loophole emerged when the United States did not properly ratify the treaty of Versailles in 1919. As a result a handful of producers are still permitted to have their wines labeled as "California Champagne".

MÉTHODE CAP CLASSIQUE:

is the name for South African sparkling wine produced using the 'traditional method' adopted in 1992 in response to the ban on using the word Champagne. Predominantly made from Sauvignon Blanc or Chenin Blanc.

AROMATIC vs TEXTURAL

enter wine talk

When talking about aromatic and textural whites we often look for what is at the forefront of the wine.

Are there lifted florals or noticeable vibrant fruits driving the wine, hence displaying pronounced aromas. Or is the wine more about textural aspects that have a generosity and defined palate weight that can build a savoury framework around the wine.

Now all that palava aside it is not to say that an aromatic wine cannot be textural or vice versa but more so that which is the leading playmaker in the glass.

"It must speak to the estate. You don't want it to be a pretentious wine, all puffed up. It was a wine for the family and the worker. Maybe I'm a prisoner of old habits, but a simple wine is a simple wine, and there's no shame in that."

THE VINEYARDS OF MONTRACHET

puligny-montrachet *driven - finite - elegant*

The village of Puligny-Montrachet is lauded as one of the greatest white wine villages of the world. Renowned for its precise floral intensity and steely backbone these wines are driven and precise. Suit le Puits is one of the highest elevated vineyards, making wines of a more racy, delicate nature. Les Combottes, lying at the southern end of the village is directly adjacent from the Grand Cru vineyards of Montrachet. It is known for its power and intensity, making wines that are age worthy and opulent in style.

bâtard-montrachet *grand cru*

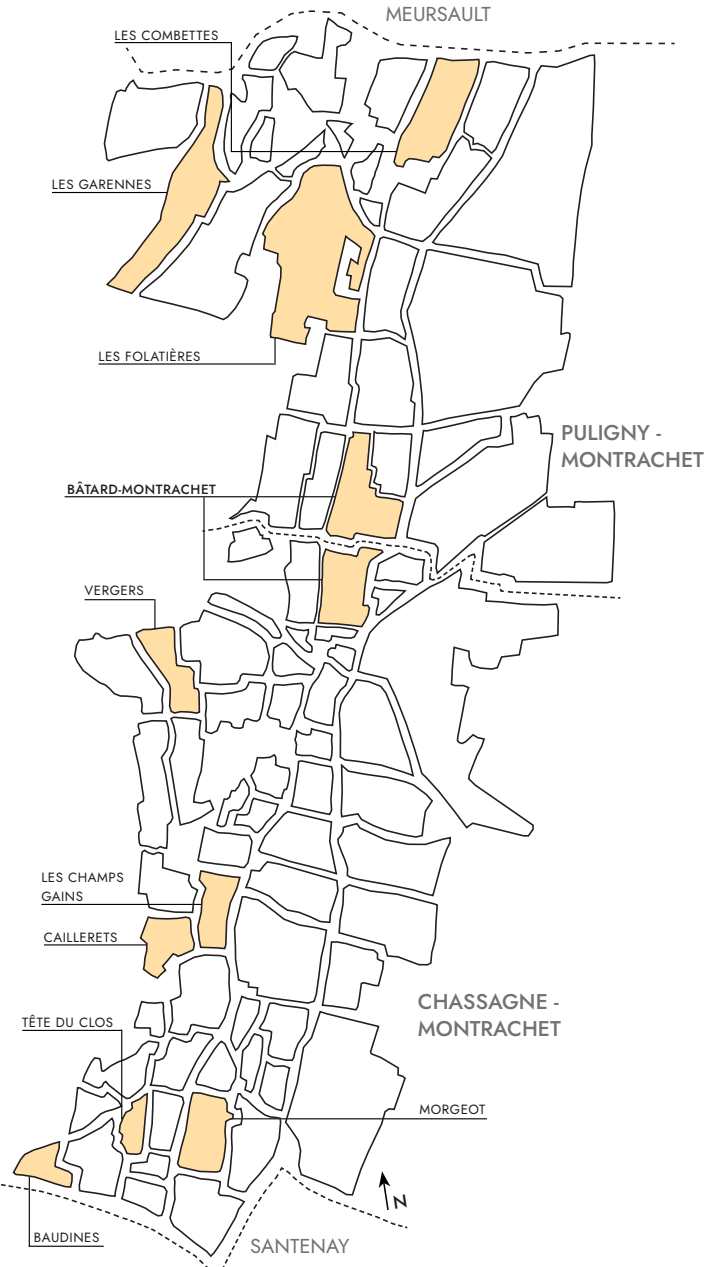

The vineyards of Bâtard-Montrachet date back to 1764 but the Blain family have been making wine in this region since the 17 century. This Grand Cru vineyard bridges the villages of Puligny-Montrachet and Chassagne-Montrachet, showcasing the best aspects of both. Driven, full and powerful, these wines are fronted with opulence and weight.

20	Marc-Antoine Blain	GRAND CRU	1370
21	Marc-Antoine Blain	GRAND CRU	1650

chassagne-montrachet *full - powerful - firm*

When it comes to the worlds greatest white wines, the border between Chassagne and Puligny is the treasure at the end of the rainbow. Within a few hundred meters lie five grand cru and countless premier cru vineyards. The style of the village is hard to generalise but the best wines are fragrant, elegant and have finite minerality that creates dimension and builds interest in the glass.

DREAMIN'

A DEEP DIVE INTO THE PRODUCERS REDEFINING THE GOLDEN STATE

ARNOT-ROBERTS - LAKE DISTRICT

The focus of Arnot-Roberts is to produce distinctive, site-driven wines that highlight the nature of the unique terroirs. A collaboration between Nathan Roberts and Duncan Arnot Meyers. Nathan's father founded a cooperage in Napa, and his grandmother was Margrit Biever Mondavi, Robert's widow. The wines possess a beautiful textural quality, with attractive fruit but also lovely balance. They began making Trousseau in 2009, when they discovered the variety growing at the Luchsinger Vineyard. Trousseau thrives in the warm days and cool nights, a unique variety for its ability to make a wine that is light in colour but layered with complex flavour.

RADIO COTEAU - ANDERSON VALLEY

Eric Sussman lives by the farming tenet, "the best fertiliser is the farmer's shadow". He crafts single vineyard Pinot Noir and Chardonnay in vineyards that experience pronounced diurnal shifts that result in the signature tension of his wines. All the vineyards are managed organically and Sussman aims to do as little as possible in the winery—emphasising and "old-world technique with new-world fruit" approach. All fermentations are wild and elevage is long and slow, use of new oak is minimal, and all wines are bottled unfined and unfiltered.

SHADOW POINT - CENTRAL COAST

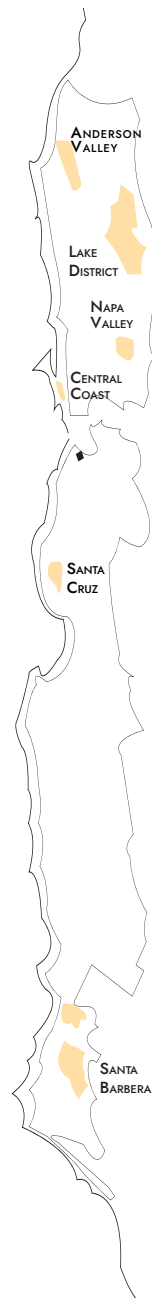

From California's Central Coast, where rolling hills rise between vineyard and sea, comes Shadow Point—a name drawn from the long shadows cast across the vines as the sun sets behind the western ridgeline. Burgundian varieties flourishes here, with cool evenings bringing freshness and balance. Bright and refined, the wine is shaped with gentle care and a touch of oak, adding quiet depth to this elegant coastal expression.

PIEDRASASSI - SANTA BARBERA

Piedrasassi is a celebration of California's Central Coast, and though it may be known for its boisterous Chardonnay and world-class Cabernet, Piedrasassi chose to focus on a grape that speaks to the viticultural heritage of the Northern Rhone, Syrah. The turbulent hills of the Central Coast, shaped by tectonic contortion, are home to diverse soil types and when paired with the cooling influence of the nearby Pacific, create a truly unique and compelling home for Syrah. Bien Naciado is the oldest plantings that Piedrasassi hold, dating back to 1986. These older vines produce wines that show elegance and restrained tannin structure. Rim Rock is known for its intense florality, producing wines of immense power and depth and unofficially dubbed as the most iconic vineyard of Piedrasassi.

WHO AM I?

I come from the Gironde in Southwest France.

I only discovered who my parents were in 1996, but I always knew Merlot was my half-sibling.

I am known by many names including Lafite (Russia), Burdeos Tinto (Spain), or simply Bordeaux (Switzerland).

I am the world's best travelled grape variety, am concentrated, tannic and enjoy long walks on the beach whilst the sun is setting.

wine countries

These might be two of the most exciting wine regions in the world.

Unlike other places they are not experiencing a revolution, or an evolution of wine; this is an involution. The Italians and Spaniards are using of their own indigenous grapes, traditional wine making techniques and focusing on creating wine that is indicative of place.

BAROLO

*"It's not that everything is a miracle when drinking Nebbiolo. It's that everything seems like one.
And that is enough"*

- JANE LOPES

MASSOLINO	More than a century on and the Massolino family continue to rescue wine of striking finesse. With vineyards across both Serralunga d’Alba and Castiglione Franco and Roberto Massolino are making are the kind of classical Barolos that Piemonte’s winemakers love to produce

E. PIRA & FIGLI	Chiara was one of two female oenologists working in Barolo when the family purchased E. Pira and gained a following by crafting wines that marry the extraordinart power of Barolo with approachability and elegance. They are known to be layered, with great aromatics and lush textures.

CONTERNO FANTINO	Founded in 1982, Conterno Fantino testifies to the talent and vision of viticulturist Claudio Conterno and his partner, oenologist Guido Fantino. These great wines start in exceptional vineyard sites in Monforte d’Alba. This location is scenically set, overlooking the most ancient part of Monforte. Conterno Fantino’s historical nucleus is Ginestra, one of Monforte’s historical crus documented as far back as the 1800’s.

* A LITTLE NOTE FOR A BIG ISSUE

We love Jancis (Master of Wine) and we think she knows her stuff. This is her take on the whole misuse of the words. The word variety is a noun. When speaking about wine, a variety is a type of vine or a type of grape.

For example, Pinot Noir is a grape variety. Many people will use the word varietal when they really mean variety. Varietal is a descriptive term. The word is increasingly misused in place of variety. Varietal glassware and varietal labelling are describing the object.

E.g. Pinot Noir is a grape variety that should be served in varietal glassware.

RIOJA VERSUS PRIORAT

PRIORAT

NIEPOORT

Since 1842 Niepoort has seen both older and younger generations working side by side to continue the tradition of the family business. The 5th generation, Dirk Niepoort, now runs the show joining his father Rolf in 1987 and has played a big hand in revolutionising the region. All of the fruit grown by Niepoort is organic and the winery an amazing, underground gravity-fed cavern, air-conditioned by a mountain block of Douro Valley schist.

AMARI & LIQUEUR

There's so much weight, history, and complexity packed into one little word - Amaro. We know it's Italian for *bitter*, and it plural is *Amari*, but when it comes to production, appreciation and consumption of Amaro, we're guided more by tradition rather than strict classification. Amari are created by macerating and/or distilling bitter barks, herbs, seeds, spices, citrus peels, flowers and other botanicals in a neutral spirit or wine that is then sweetened. We love Amari so much we have named our youngest daughter in its honour.
