

The Shorehouse list is much like the restaurant that it calls home: it is large, yet never feels empty; extremely diverse, yet always inclusive; forever priding itself on being uniquely West Australian.

We wrote this list for the nervous person waiting for their date to arrive scrambling to understand the difference between Crémant and Prosecco; the solo traveller enjoying a glass of Great Southern riesling whilst learning about the wares of Madeira; or the corporate worker determining which Barolo producer is going to impress the boss at the end of year luncheon.

There are many hands that diligently labour to make a document such as this a reality, just as there are many hands that touch every bottle that makes its way to find a home on our list. We are thankful to all of those who spend their lives growing grapes, making wine and finding labels to bring to us.

It is your devotion to wine that we try to honour in these pages.

We're an uncomplicated bunch; yet wine,
whilst just fermented grape juice,
can be a tormentingly complicated subject.

Talk with us about our wine, we love it all.

KOLONNE/NULL

Kolonne/Null are re-evaluating Non-Alcoholic wine, striving not just to make a substitute, but to craft a beverage that stands on its own merit. Sourcing grapes from across Europe, the team are selecting wines based on their suitability to produce non-alcoholic wines. Flavourful and meaningfully constructed, these are beverages that are redefining the ritual of drinking.

APERITIF

Apéritif is to the south of France as Sherry is to Spain, the spritz to Italy—a drink, yes, but also ritual in drink form, interwoven into the fabric of the culture. The ritual of drinking apertifs is rooted in everyday life in the south of France; The refreshing weight of a cool glass in hand is most at home in Provence, alongside a soundtrack of cicadas, pétanque and the sea in the distance, another summer day slowly unspooling. As obvious as its appeal is, this rite has not come close to securing the foothold that other European traditions have, despite having all of the ease and idiosyncrasy possessed by, say, the aperitivo cocktail. But it's ready for a second look, either as the ritual unadorned or easily upgraded.

CAMPARI - THE FAMOUS BITTER RED

A SIMPLE HOW TO ENJOY

VERMOUTH

SAISON APERITIFS

Founded in early 2020 by chef Dave Verheul (Embla) with the intent to create fresher, brighter and more seasonal vermouths. Each one starts with a base seasonal ingredient gathered at its peak flavour, then complementing seasonal ingredients are either foraged or purchased from small growers. Combining this and his years of experience in restaurant kitchens, Dave has been able to craft some well sort after and versatile aperitifs.

SHERRY & APERAS

EL MARCO + THE PALOMINO FINO CONTINUUM

The word Sherry has become problematic - to ask for a 'Sherry' doesn't tell if you are getting a wine that is white or dark, dry or sweet. This is El Marco and it starts with a range of dry white wines made from the Palomino grape, including those that are fortified and those that are not - hence the continuum. There are also dry, amber-coloured Palomino styles. These are fortified wines with a marked developmental character due to ageing: Amontillado, Oloroso, Palo Cortado. It is complex and often hard to understand, both in a literal and tasting sense - but trust the process and you'll be rewarded.

Pétillant Naturel

Pét-Nat is a term that's been hitting the headlines as of late, and while we are not the 'in' crowd, it seems to be what the cool kids are drinking. Simply put it's short for pétillant-naturel, also known as 'méthode ancestrale'. Well what does that mean? The wine is bottled before primary fermentation has finished, making these bubbles delicate, frivolous, fun and easy drinking.

VINEYARDS OF MONTRACHET

Puligny-Montrachet *driven - finite - elegant*

The village of Puligny-Montrachet is lauded as one of the greatest white wine villages of the world. Renowned for its precise floral intensity and steely backbone these wines are driven and precise. *Suit le Puits* is one of the highest elevated vineyards, making wines of a more racy, delicate nature. *Les Combottes*, lying at the southern end of the village is directly adjacent from the Grand Cru vineyards of Montrachet. It is known for its power and intensity, making wines that are age worthy and opulent in style.

23	Jean-Jacques Girard	<i>Les Garennes</i> 1ER CRU	810
18	Xavier Monnot	<i>Les Folatières</i> 1ER CRU	699

Bâtard-Montrachet *grand cru*

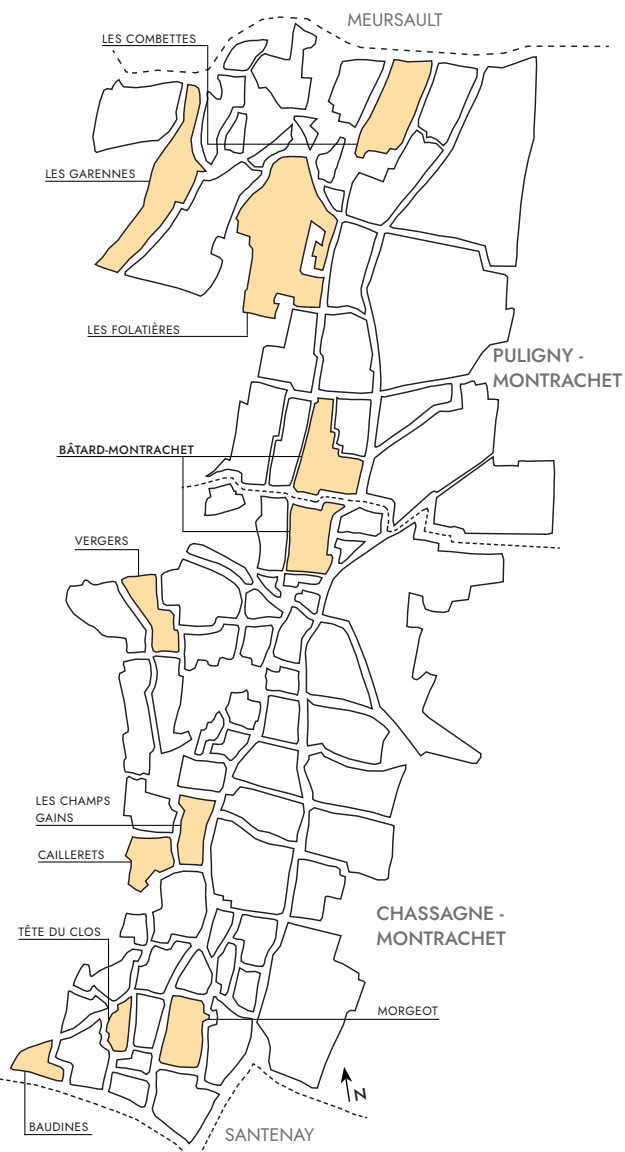

The vineyards of Bâtard-Montrachet date back to 1764 but the Blain family have been making wine in this region since the 17 century. This Grand Cru vineyard bridges the villages of Puligny-Montrachet and Chassagne-Montrachet, showcasing the best aspects of both. Driven, full and powerful, these wines are fronted with opulence and weight.

21	Marc-Antoin Blain	GRAND CRU	1650

Chassagne-Montrachet *full - powerful - firm*

When it comes to the worlds greatest white wines, the border between Chassagne and Puligny is the treasure at the end of the rainbow. Within a few hundred meters lie five grand cru and countless premier cru vineyards. The style of the village is hard to generalise but the best wines are fragrant, elegant and have finite minerality that creates dimension and builds interest in the glass.

CALIFORNIA DREAMIN'

A DEEP DIVE INTO THE PRODUCERS REDEFINING THE GOLDEN STATE

Arnot-Roberts - Lake District

The focus of Arnot-Roberts is to produce distinctive, site-driven wines that highlight the nature of their unique terroirs. A collaboration between Nathan Roberts and Duncan Arnot Meyers. Nathan's father founded a cooperage in Napa, and his grandmother was Margrit Biever Mondavi, Robert's widow. They began making Trousseau in 2009 when they discovered the variety growing at the Luchsinger Vineyard. Thriving in the warm days and cool nights, Trousseau makes a wine that is light in colour but layered with complex flavour.

Radio Coteau - Anderson Valley

Eric Sussman lives by the farming tenet, "the best fertiliser is the farmer's shadow". He crafts single vineyard Pinot Noir and Chardonnay in vineyards that experience pronounced diurnal shifts that result in the signature tension of his wines. All the vineyards are managed organically and Sussman aims to do as little as possible in the winery—emphasising and "old-world technique with new-world fruit" approach. All fermentations are wild and élevage is long and slow, use of new oak is minimal, and all wines are bottled unfined and unfiltered.

18	Radio Coteau <i>Savoy</i>	Pinot Noir	Anderson Valley AVA	455

Shadow Point - Central Coast

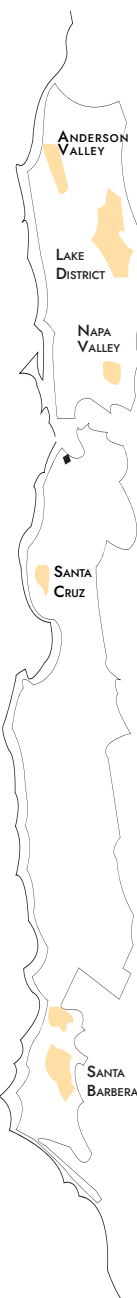

From California's Central Coast, where rolling hills rise between vineyard and sea, comes Shadow Point—a name drawn from the long shadows cast across the vines as the sun sets behind the western ridgeline. Burgundian varieties flourish here, with cool evenings bringing freshness and balance. Bright and refined, the wine is shaped with gentle care and a touch of oak, adding quiet depth to this elegant coastal expression.

21	Shadow Point	Chardonnay	San Bernabe AVA	98
21	Shadow Point	Pinot Noir	Monterey County AVA	110

Piedrasassi - Santa Barbara

Piedrasassi is a celebration of California's Central Coast, and though it may be known for its boisterous Chardonnay and world-class Cabernet, Piedrasassi chose to focus on a grape that speaks to the viticultural heritage of the Northern Rhone, Syrah. The turbulent hills of the Central Coast, shaped by tectonic contortion, are home to diverse soil types and when paired with the cooling influence of the nearby Pacific, create a truly unique and compelling home for Syrah. Bien Nacido is the oldest plantings that Piedrasassi hold, dating back to 1986. These older vines produce wines that show elegance and restrained tannin structure. Rim Rock is known for its intense florality, producing wines of immense power and depth and unofficially dubbed as the most iconic vineyard of Piedrasassi.

THE LOIRE VALLEY

The Loire is one of the largest and most diverse wine regions in France, producing virtually every type of wine – still & sparkling, dry & sweet, red, white, and rosé.

Whilst the leading white grapes of the Loire - Chenin Blanc & Sauvignon Blanc - are the world's benchmarks, the Loire's reds are less famous than its neighbours in Bordeaux or Burgundy. They are, however some of our favorites.

The Loire produces red wines with the same qualities we like to see in our fruit; vibrant, crunchy and flavoursome.

RIOJA VS PRIORAT

Priorat

In 2007 Priorat began to allow producers to add site specificity to their labels, designating Vi de Villa wines sourced from a single village, Vi di Partida from sub-villages, and finally, Vi de Finca coming from specific vineyards.

Niepoort

Since 1842 Niepoort has seen both older and younger generations working side by side to continue the tradition of the family business. The 5th generation, Dirk Niepoort, now runs the show joining his father Rolf in 1987 and has played a big hand in revolutionising the region. All of the fruit grown by Niepoort is organic and the winery an amazing, underground gravity-fed cavern, air-conditioned by a mountain block of Douro Valley schist.

AMARO & LIQUEUR

There's so much weight, history, and complexity packed into one little word - Amaro.

We know it's Italian for *bitter*, and its plural is *Amari*, but when it comes to production, appreciation and consumption of Amaro, we're guided more by tradition rather than strict classification. Amari are created by macerating and/or distilling bitter barks, herbs, seeds, spices, citrus peels, flowers and other botanicals in a neutral spirit or wine that is then sweetened. We love Amari so much we have named our youngest daughter in its honour.
